Sponsor Closure Approval

Cloud Migration Project

Document ID: CMP-CLOS-12 **Version:** 1.0 **Status:** Pending Approval **Author:** Project Manager **Date:** 2026-07-04
Source: Final Project Report (CMP-CLOS-10), Final Closure Checklist (CMP-CLOS-11)

Closure Recommendation

Recommendation	Criteria
Approve Closure	All deliverables accepted; scope verified; objectives achieved; lessons learned; handover complete; sponsor approves

Decision Summary

Item	Summary
What was delivered	30 of 32 applications migrated to cloud; complete infrastructure, DR, security, and operational handover
What was achieved	All 6 business objectives met or exceeded; \$2.4M annual cost savings; 69% performance improvement
Outstanding items	CRM-X migration (completing 2027-07-10); HR-Portal transferred to BAU
Items transferred to BAU	HR-Portal application (CR-002)
Key lessons	Thorough discovery, vendor partnerships, business calendar alignment, strict change control
Remaining risks	None — all risks closed or transferred

#	Action	Owner	Target Date
1	Archive project documentation in Confluence	PM	2027-07-17
2	Close Jira project	PM	2027-07-17
3	Send final closure notification to stakeholders	PM	2027-07-17
4	Release project team	PM	2027-07-17
5	Transfer remaining BAU items to product backlog	Business Owner	2027-07-31

Project Closure Confirmation

Upon approval of this document:

1. The Cloud Migration Project is formally closed.
2. The Project Manager is released from project responsibilities.
3. All project resources are released.
4. The Jira project is archived.
5. The Confluence space is archived as the project record.
6. The project is removed from the active project portfolio.

Traceability: This document is the final gate for the Cloud Migration Project. It consolidates the Final Project Report (CMP-CLOS-10) and Final Closure Checklist (CMP-CLOS-11) for sponsor approval.
